

O104SP Onni dynamic chair

Product info

Chair frame and legs lacquered solid birch as standard. Seat and backrest laminated birch plywood. Screw-on felt pads on the legs.

Seat and backrest color from laminate color chart. Molded seat and backrest. The seat is also available padded and upholstered. Frame and legs also available in oak. The dynamic Onni chair is designed for active sitting. Thanks to the shape of the legs, the chair can be used to sit normally, lean forward or make a small rocking motion.
